

64 bit Right Angle PCI Mini Extender

Right Angle PCI Mini Extender is a test adapter allowing to position tested PCI card 90 degree from its original position for easy access to the components. It can be inserted directly to the mother board or into passive extender (P/N 9900-47-01-6X) or electronic extender (P/N 9900-67-10-6X) Available in 3.3V, 5V and Universal (voltage key removed) versions.

SPECIFICATIONS:

P/N 9900-07-06-63 3.3V connector (shown)

P/N 9900-07-06-65 5V connector

P/N 9900-07-06-6U universal connector

PCB material FR4: 0.064

Maximum Current: Power 1A/pin, Signal 50mA/pin

Dimensions: 5.95 x 1.55 (151.1 mm x 39.5mm)

Weight: 1.4 Oz (41 Gram)
